

Sports Nutrition position

An outstanding opportunity to work in a purpose built Sports Medicine and Orthopaedic Hospital and to be part of a new and developing Sports Medicine programme.

'Aspetar'- Qatar Orthopaedic and Sports Medicine Hospital has a vacancy for an experienced sports nutritionist/dietitian

Aspetar is a new state of the art facility designed to provide the highest level of service possible to Qatar Olympic Committee athletes and be the hub of the National Sports Medicine Program. It is a FIFA accredited Sports Medicine Centre of Excellence.

Sports nutrition is a developing field in the Middle East and this is a chance to be at the forefront of a nationwide programme. The work is both clinical and educational and research would be encouraged.

The ideal candidate would demonstrate the following-

- Human Nutrition degree with postgraduate qualifications in sports nutrition/dietetics and current registration
- experience with sports teams and elite athletes. Experience with Football an advantage
- some experience in research
- excellent clinical skills
- the ability to work as part of a team
- English is the spoken language of the Hospital, however additional language skills (esp Arabic and/or French) would be advantageous.

This is a unique opportunity to work in a multinational team environment with a wide variety of athletes and sports.

This position offers competitive salary package, commensurate with experience and qualifications,
